

## Guiding Questions

### Observation

- What do you see that you really like?
- What could we or would we want to implement at Jewett?

### Instruction

- How do you decide what to teach?
- What is your planning process?
- How do you find resources? (people, money, community)
- What are they doing to maximize learning, engagement and student strengths?
- When does basic skills instruction happen? How?

### Projects

- What permanent displays of student work do you think would be great projects for us? How would they tie to curriculum? What is their purpose?
- Where do you see kids learning? How do you know?
- How do they balance high quality core instruction with project-based learning?
